

Nickname:

1.3 Classwork: Mean, Median and Mode

- Most European countries charge a sales tax called *VAT* (in Italy, *IVA*). The standard rate, as a percentage, is shown for twelve countries in 2026.

Malta	18	Spain	21	Italy	22
Germany	19	Netherlands	21	Ireland	23
Cyprus	19	Belgium	21	Sweden	25
France	20	Austria	20	Hungary	27

- Find the mean standard VAT rate.
- Find the median.
- Write down the mode.
- Describe the shape of the distribution shown in the dot plot, and justify your answer by comparing the mean and the median.
- One country stands out from the rest. Name it, and say in one sentence why you would call it an outlier.

Nickname:

2. In the United States each state sets its own sales tax. The state rate, as a percentage, is shown for thirteen states in 2026. Local city and county taxes are charged on top of these and are not included.

Oregon	0	Georgia	4.0	Florida	6.0
Montana	0	New York	4.0	Texas	6.25
Delaware	0	Wyoming	4.0	Tennessee	7.0
Colorado	2.9	Virginia	5.3	California	7.25
Alabama	4.0				

- Find the mean state sales tax rate.
- Find the median.
- Write down the mode.
- Describe the shape of this distribution, and justify your answer by comparing the mean and the median.
- Three states charge no sales tax at all. Say in one sentence whether you would treat them as outliers or as a separate group, and why.
